FOREWORD

"Ā No Bhadraḥ Kratavo Yantu Viśvataḥ"(Hrigveda, Mandala-1 Sukta-0.89) — "Let noble thoughts come to us from all directions" — has been one of the guiding principles of the Indian knowledge tradition.

Education is not only the transmission of knowledge but an empowering tool that contributes to the comprehensive development of an individual, fostering self-reliance and bringing about meaningful social transformation. With this vision, Non-Collegiate Women's Education Board (NCWEB) has been tirelessly working for providing the opportunity of higher education to women since decades.

The Non-Collegiate Women's Education Board was established in 1944 with the aim of providing opportunities of higher education to those women students, who due to various social, economic, or family circumstances, are unable to pursue education through regular college programmes. Throughout the years, NCWEB has emerged as an important facility for women's education, empowerment and social change.

NCWEB always wanted education to be not just a tool of academic achievement but also to build confidence, independence, leadership skills and social responsibility in them. The NCWEB students are not only personally growing but they are also contributing to the development of their families, society and our nation. Social change is an ongoing process that can be achieved only by women's education that has a lasting impact on generations.

NCWEB being a unique body of the University of Delhi, continually enhanced its academic structure as it evolved through the years. Through various centres, NCWEB is now offering undergraduate and postgraduate programmes to thousands of students. Effort is being made to impart quality education and provide conducive learning environment to students with all the resources, dedicated faculty and affiliated colleges of the University.

Today's world is characterized by knowledge, technology and innovation. In this context, it is our duty to give education to women and enable them to be able to face challenges with confidence and competence. NCWEB continues to engage in academic activities that foster students' critical thinking, creativity, ethical values, and social responsibility.

I am confident that Non-Collegiate Women's Education Board has a great future in the field of Women education in the coming years. The Board will continue to be a force for an empowered, inclusive and progressive society by bringing together more and more women with knowledge, skills and opportunities.

I wish to express my gratitude and goodwill to all the faculty members, staff members, affiliated colleges and students of NCWEB for their dedication and commitment. May this institution continues to illuminate the light of education in the society and stay a beacon of empowerment and excellence.

Chairperson, NCWEB

FOREWORD

When a girl ignores external objects and develops foresight and vibrant attitude through power of knowledge, she becomes provider of wealth of skies and earth.

-Atharvaveda14.1.6

Non-Collegiate Women's Education Board (NCWEB) has been silently contributing towards empowerment of women through education since 1944. At that time, the idea was to provide a platform to girl students to take examinations with special coaching without attending regular classes. Over the years, this gave shape to an institution that caters to the educational needs of girls who are in a disadvantaged position to attend regular classes. NCWEB is uniquely positioned to endow those who have the potential to change and give thrust to socio-economic development in the society through education. NCWEB is a constituent part of University of Delhi.

This institution has an arrangement where the girl students attend classes during Saturday / Sunday and academic breaks across the twenty-six centres operating in the constituent colleges of University of Delhi for undergraduate and postgraduate courses, at the NCWEB Centre respectively. These centres provide for library and other facilities while utilizing the existing resources and infrastructure of the colleges. The Postgraduate Centre has a library located in the Arts Faculty Building, University of Delhi. The Board also gives financial aid and book loan facility to the needy and desirous students. At present, nearly 41,325 girl students are studying under the institution. Many students who have studied in this institution have not only become self-reliant have also been pillars of strength to their families. This institution is dedicated to the cause of nation-building by empowering those who play a pivotal role in molding the society through education.
