# ABOUT INTEGRATED TEACHER EDUCATION PROGRAMME (ITEP)

The Integrated Teacher Education Programme (ITEP) is a four-year degree programme offered at the tertiary level. It is founded on the vision of NEP 2020, exemplifying the process of developing a multidisciplinary approach to learning in higher education.

**“The 4-year integrated B.Ed. is a dual-major holistic bachelor’s degree in Education as well as a specialized subject (such as language, history, music, mathematics, computer science, chemistry, economics, art, physical education, etc). Beyond the teaching of cutting-edge pedagogy, the teacher education will include a grounding in sociology, history, science, psychology, early childhood care and education, foundational literacy and numeracy, knowledge of India and its values/ethos/art/traditions, and more.” [NEP 2020: 15.5]**

The four-year Integrated Teacher Education Programme (ITEP) envisions the creation of passionate, motivated, qualified, professionally trained, and well-equipped teachers capable of designing and implementing developmentally appropriate learning experiences for students at different stages of school education. The ITEP seeks to ensure prospective teachers receive the highest quality education in content, pedagogy, values, and practice.

## **Key Design Elements of ITEP**

ITEP is of four-year duration with credits distributed across eight semesters of study. It is a dual-major bachelor's degree programme, with one major in Education and the other in a disciplinary/interdisciplinary branch of knowledge. In addition, the programme seeks to develop among student-teachers an ethic of social engagement and capacities such as problem-solving, critical thinking, creative thinking, communication skills, ethical and moral reasoning, etc., that are necessary for preparing competent teachers.

## **Stage-Specific Specialization**

The reconfiguration of the curricular and pedagogical structure of school education involving a (5 + 3 + 3 + 4) design, as recommended by NEP 2020, makes it imperative that the ITEP makes available accomplished teachers with the knowledge, capacities, and values, and dispositions required for developing and improving the practice of teaching at a particular Stage of school education, i.e., Foundational Stage, Preparatory Stage, Middle Stage, or Secondary Stage. The ITEP seeks to create a pool of competent teachers capable of designing developmentally appropriate teaching-learning-assessment practices responsive to children's learning needs and interests at different stages of their development.

Each student-teacher shall specialize in one of the following stages of school education, which will qualify them to become a teacher for that stage.

- i) ITEP Foundational Stage
- ii) ITEP Preparatory Stage
- iii) ITEP Middle Stage
- iv) ITEP Secondary Stage

Through its six colleges and the Department of Education (CIE) at the Faculty of Education, University of Delhi, offers ITEP for two stages in 2026-27.

- i) ITEP Middle Stage
- ii) ITEP Secondary Stage

# ABOUT INTEGRATED TEACHER EDUCATION PROGRAMME (ITEP)

## **ITEP Middle Stage:**

This Programme will qualify student-teachers for teaching children in Grades 6, 7 and 8. The Middle Stage builds on the pedagogical and curricular style of the Preparatory Stage but with the introduction of more specialized subjects and subject teachers. In the Middle Stage, “Experiential learning within each subject, and explorations of relations among different subjects, will be encouraged and emphasized despite introducing more specialized subjects and subject teachers” [Para 4.2, NEP 2020]. The teaching-learning activities at the middle stage seek to help students engage with abstract concepts and unfamiliar contexts and situations by introducing learning contents in a more structured and systematic manner.

## **ITEP Secondary Stage:**

The Secondary Stage includes Grades 9, 10, 11 and 12. It comprises “four years of multidisciplinary study, building on the subject-oriented pedagogical and curricular style of the Middle Stage, but with greater depth, greater critical thinking, greater attention to life aspirations, and greater flexibility and student choice of subjects” NEP 2020, 4.2). “Holistic development and a wide choice of subjects and courses year to year will be the new distinguishing feature of secondary school education” [Para 4.9, NEP 2020].

This programme will prepare the student-teachers to accomplish these stage-specific goals of education.

## **Multiple Entry-Exit and Re-entry Options**

The multiple Entry-Exit and Re-entry options will be as per the rules and regulations for UG programmes of the University of Delhi.

Only student-teachers who successfully complete four years (eight semesters) of study will be awarded a Dual-major bachelor's degree B.A. B.Ed. / B.Sc. B.Ed.

## **Opportunities for Vertical Mobility**

Student-teachers who successfully complete the four-year ITEP and wish to pursue higher studies will be eligible to pursue a master's degree programme in education as well as in the Major discipline chosen for study during the ITEP.

## **Semester System and Curricular Components**

The Stage-Specific ITEP will be organised according to the semester pattern, which is two semesters in an academic year. Each semester will consist of 15 -16 weeks of teaching-learning activities.

The ITEP comprises the following eight curricular components:

1. Student Induction Programme
2. Foundations of Education
3. Disciplinary/Interdisciplinary Courses
4. Stage-Specific Content - Cum - Pedagogy Courses
5. Ability Enhancement and Value-Added Courses
6. School Experience, including Internship in Teaching
7. Community Engagement and Service
8. Research Project/Dissertation

A rigorous student induction programme will be organised during the first two weeks of semester one to facilitate an understanding of the nature and scope of each component.

# ABOUT INTEGRATED TEACHER EDUCATION PROGRAMME (ITEP)

## **Curriculum Transaction**

The approach to the transaction of the ITEP curriculum will focus on enabling student-teachers to attain the defined competencies and learning outcomes relating to courses associated with each of the curriculum components that would enable student-teachers to achieve the expected Graduate Attributes. The curriculum transaction will involve learner-centric pedagogies and pedagogical practices that will help facilitate the well-structured and sequenced acquisition of knowledge and capacities. A practicum that would link theory with practice will constitute an important aspect of the teaching-learning process. The teaching process will include lectures supported by tutorial work; practicum and field-based learning; the use of teaching-learning material, including e-learning resources and other self-study materials; project work, some of which may be team-based; activities designed to promote the development of generic/transferable and subject-specific knowledge and capacities; exposure to different types of schools and other teacher education institutions and/or research facilities, school-based internship, etc.

## **Assessment and Evaluation**

A variety of assessment methods and tools will be used to assess progress toward the defined learning outcomes, competencies, and expected Graduate Attributes. Formative assessment will be accorded priority. The assessment of learning outcomes will cover all domains of learning. The assessment would provide meaningful and constructive feedback to faculty and student-teachers about the teaching-learning process and outcomes.

The assessment weightage for different elements of School Experience will be divided into two broad categories: The first category will include assessment of actual practice within all the components – school observation, pre-internship practice, internship, and post-internship (review and analysis) creating teaching-learning material. The second category will include all reflective and consolidating work in a written and oral format.

The assessment of student learning in the second category (reflective and consolidating work) would include

- i. Journal entries of observation and reflection for all days of engagement
- ii. School Portrait and Portfolio
- iii. Seminar participation - preparation with readings and overall participation during the seminar
- iv. Reflective Essay/Video documentary/ Photo essay cum Final Presentation.

- Category (UR/OBC-NCL/SC/ST/EWS/Minority/PwBD/SGC/Orphan/CW)
- Availability of seats
- Any other allocation rules, policies, or criteria mentioned in this document or published on UoD's admission website.

The merit list for the UR category seats will comprise all candidates in order of merit. No one will be excluded from the same. In other words, the merit list for the Unreserved (UR) category will also include SC/ST/OBC-NCL/EWS candidates, irrespective of category, if they meet the criterion of merit for the UR category. No candidate can be excluded from the UR category merit list just because the Candidate belongs to or has applied under the SC/ST/OBC-NCL/EWS category. Discrimination on the basis of category/caste is completely unlawful. The UoD does not tolerate discrimination against any Candidate/student on this basis. Strict action will be taken against any violations.

If candidates belonging to SC/ST/OBC-NCL/EWS/PwBD/CW/Single Girl Child/Orphan category do not have a valid certificate/ document issued by the respective issuing authority at the time of admission, they will not be considered for allocation in the relevant category as claimed. In case a candidate was allocated a seat under any reserved category/ sub-category and was rejected on the basis of deficiency/ies in the category/sub-category/ caste documents, s(he) may be considered for seat allocation in subsequent round/s (if any) in UR category as per his/her eligibility, merit and availability of seats in UR.

### Acceptance, Physical Verification of Documents and Approval

On declaration of each allocation round, if a seat is provisionally allocated, the candidate must **"Accept"** the allocated seat before the last date/time specified for the given allocation round.

## **UPGRADE & FREEZE**

After the successful realisation of the fee by the candidate, an option to "Upgrade" will be available on the dashboard if the first preference has not been allocated.

### **Upgrade**

- An admitted candidate can select the 'Upgrade' option, which will allow upgradation to a higher preference submitted by the candidate. Admitted candidates who opt for upgradation will automatically be upgraded based on the allocation and upgradation policy.
- Choosing the 'Upgrade' option means that the candidate consents to consideration of an offer of admission to a Programme + College of his/her higher preference in the subsequent round (if any). His/her current admitted seat will be auto-cancelled if the new preference is allocated.
- The Programme + College in which the candidate had taken an admission earlier will never be offered to the candidate in any subsequent round. Similarly, the Programme + College that were below in the preference order at which the candidate had taken an admission earlier will never be offered again to the candidate in any subsequent round.
- The upgrade option will not be available for the candidate who was allocated his/her first preference.
- It will be the candidate's responsibility to check for 'Upgrade' options in the round of seat allocation. Failure or inability to participate in the upgradation process will not be considered a grievance in any circumstance.

**A candidate who gets upgraded will have to 'Accept' the upgraded seat and complete the admission procedures on the upgraded allocated seat/s.**

- If a candidate does not do any activity on the upgraded seat/s, it will, by default, be considered cancelled, and the candidate will be out of the allocation process.
- If a candidate is not upgraded, his/her admission to the earlier seat will be retained.
- Selecting an upgrade does not mean an assurance of a seat in the next/ any subsequent allocation rounds. Upgradation is subject to:
  - a) Merit
  - b) Order of Preference
  - c) Availability of seats

### **Freeze**

A candidate who has been admitted to an allocated seat and desires to continue with it should submit a 'Freeze' request through his/her dashboard. **On selecting 'Freeze', such a candidate will never be allowed to opt for "Upgradation."**

Upon commencement of Spot Round no upgradation will be done.

On the announcement of a Spot Round, the dashboard of all admitted candidates will be kept in freeze mode and they will neither be considered for upgrades nor be allowed to withdraw their admissions.

The allocation in the Spot Round will be based on the scores of the candidates who apply in the respective Spot Round. Hence, the minimum allocation score of each Spot Round will be independent of all previous rounds.

To be considered in a Spot Admission Round, the candidate will have to opt for 'Spot Admission' through his/her dashboard.

For every Spot Admission round, the University will display the vacant seats of each Programme. A desirous candidate will have to opt for the Programme + College Combination(s) in which s(he) wishes to be considered.
